Adventure in international group

Program

Sunday

We expect you in Kröken at 5am. Upon arrival we'll have a welcome drink and get to know each other. This is when you will get information about the activities. When you have chosen a bed you can try the sauna if you like. After the sauna the welcome dinner be served.

Monday

After the breakfast buffet we'll get ready for a GPS-tour. In groups of 4 you will go through the forest to our climbing area. There we have a lot of exciting activities like: climbing, rappelling, zip wire, shooting, archery.

Tuesday

Today we'll make a biking trip on our Scott mountain bikes. After you have been fitted with the right helmet and the right size of bike we'll drive into the forests.

Wednesday

In the morning starts a 2-day canoe trip on the Solgen and Em-rivers. The luggage you need for this trip will be packed in waterproof barrels. Also our camp equipment and food will be packed in the canoes. The lunch will be served at a nice spot along the river. When we arrive at the campsite you will set up your tent and have a swim in the lake whilst we prepare the BBQ. After dinner we can sing together or tell nice stories around the campfire!

Thursday

After breakfast you'll breakdown your tent and pack the canoe. When everybody is ready we can continue our trip. The lunch will be served again at another nice spot along the river and if you like there is time for a swim. When we arrive at the end we all help to put the canoes onto the trailer and we walk back home to Kröken. In the hot sauna you can relax after 2 days canoeing.

Friday

Today you will try your luck, and maybe you could get rich with finding gold. We'll go to the village Ådelfors where a goldmine is located. In the morning we go 55 m down into the old mine by a rope. During the afternoon you try the gold panning. At the end of the day you'll get a bottle with all your own found gold in it. Back in Kröken we'll have a farewell dinner after your final time in our nice sauna and hot tub.
